## BORDER CLASHES CONTINUE

TOKYO, July 23 (Reuter)—Fighting continues on the border between Manchukuo and Outer Mongolia, according to a field despatch from Hsinking, which states that the Soviet and Outer Mongolian artillery is keeping up a bombardment of the Japanese and Manchurian forces, which continued from dawn to dusk. It was added that Japanese and Manchurian forces were standing by.

## New Trouble In Shanghai Settlement

### 3 KILLED IN SHOOTING: MORE INCIDENTS LOOM

SHANGHAI, July 23 (Reuter)—An American bar-owner, "Tus" Wilson, and two Chinese taxi-dancers and three Chinese constables wounded, in a shooting affray in the heart of the International Settlement yesterday when a band of terrorists attacked a Chinese newspaper supporting Generalissimo Chiang Kai-shek's regime.

The Police intervened and over fifty shots were fired. "Central News" adds that, as they passed the offices of the "Hwa Mei Wan Pao" on Avenue Edward VII, the ageing terrorists tossed a hand-grenade into the premises.

At Kwangsi Road, the terrorists again encountered a police post and shots were exchanged.

### TENSION CONTINUES

According to our own sources, tension continued throughout yesterday. The Chinese newspapers, which had been attacked repeatedly, immediately received threatening letters promising a repetition of Saturday's shootings. Threatening letters were also received by the Shanghai Municipal Police.

### POLICE OFFICER DETAINED

Yesterday evening there was a new incident. A Chinese who was posting anti-British propaganda Continued on Page 9

### FOREIGN SHIPS TO LEAVE SANTUO

Special to the "Hongkong Daily Press"

SHANGHAI, July 23—A Japanese destroyer this morning entered Santuao and requested foreign shipping to leave immediately as they intended mining the entrance to the harbour to-day to effect a blockade of that port. The Douglas steamer Haitan left port and the only remaining vessel is the Fooksing, which is under a British flag and which is laid up there.

## Co-ordination Of British Forces In T. Appointment

LONDON, JULY 23 (REUTER)—FOLLOWING THE APPOINTMENT OF LIEUT.-GEN. SIR ARCHIBALD P. WAVELL, C.B., C.M.G., M.C., to be General Officer Commanding, Middle East, the "News of the World" military correspondent foreshadows the appointment of a General Officer Commanding-in-Chief for the British forces in the Far East with headquarters at Singapore.

The correspondent says that this post will enable complete co-ordination to be effected between the British garrisons of Malaya, Burma, Hongkong, Shanghai and North China also with the Indian, Australian and New Zealand forces.

It will also enable arrangements to be completed for "pooling" if necessary, of

## REACTION IN CHINA

### ENVOY TO VOICE OPPOSITION

CHUNGKING, July 23 (Reuter)—Full details of the reported Anglo-Japanese agreement will be published in the press on Sunday, when it is expected that the reaction will be one of considerable disappointment.

It is thought here that Mr. Quo Tai-chi, the Chinese Ambassador in London, will be instructed to seek full details of the reported agreement to voice the opposition of his Government to any arrangements contrary to the principles of the Nine-Power Pact and the resolutions of the League of Nations.

Chinese official and unofficial circles had believed until to-day that Britain would not compromise with Japan and regarded the Tokyo broadcast of the agreement as Japanese propaganda.

In the past few days the issue of the talks dominated the fighting and the currency situation.

## JAPANESE LAND AT SWABUE

### NAVAL AND AERIAL BOMBARDMENT

CHUNGKING, July 22 (Reuter)—Japanese troops are reported to have landed at Swabue under cover of heavy naval and aerial bombardment.

It is also stated that Chenghai, a coastal town near Swatow, has also fallen into Japanese hands.

### Plane Shot Down

CHUNGKING, July 22 (Central)—A Japanese communique issued in Shanghai states that a Japanese army plane was shot down by Chinese anti-aircraft gun fire near Swatow yesterday. Two Japanese airmen were killed.

### Air Attack

AN UNDISCLOSED PLACE, NORTH KWANGTUNG, July 22 (Central)—Heavy losses were inflicted on the Japanese during a series of air attacks staged by Chinese planes on Sancho and nearby islands off the coast of Chungshan, Kwangtung, recently.

On July 17, a squadron of Chinese aircraft bombed the Japanese airfield on Sancho Island, scoring many direct hits. One Japanese officer, one airman and some 20 Japanese guards were killed and 30 others wounded.

### British and French land forces in the Far East.

The correspondent adds that similarly the supreme command of the British naval forces in the Indian and Pacific Oceans is to be vested in a Commander-in-Chief.

The completion of a new squadron of capital ships, now being built, will enable a strong force to be based at Singapore.

## JAPANESE PREMIER DECLARES THAT AGREEMENT "IS APPLICABLE TO WHOLE OF CHINA"

### Chinese Ambassador In London May Lodge Protest If Arrangement Is Contrary To The Nine-Power Pact

### RECOGNITION OF WAR CONDITIONS

### Prime Minister To State Position In The House Of Commons

DESPITE THE FACT THAT DETAILS OF THE AGREEMENT SAID TO HAVE BEEN REACHED BETWEEN SIR ROBERT CRAIGIE AND MR. ARITA AT THEIR MEETING IN TOKYO ON SATURDAY HAVE NOT BEEN OFFICIALLY PUBLISHED, a statement issued by the Japanese Foreign Office declares that agreement has been reached on the general questions forming the background of the situation in Tientsin, and that this will be issued simultaneously in Tokyo and in London to-day.

THE JAPANESE PRIME MINISTER CONFIRMED THIS STATEMENT in the course of a talk with newspaper representatives, adding that the basic principles involved as a result of the settlement "was applicable to the whole of China, and not limited to Tientsin alone."

According to earlier messages of the agreement reached, the British Government is prepared to give an undertaking to maintain peace and order in British Concessions in North China and that Chinese living there will not be allowed to engage in anti-Japanese activities, Britain recognizing that war conditions in China have created an exceptional situation.

## Footnote To Tokyo

### BRITISH MISSION SET ON FIRE

CHUNGKING, July 23 (Reuter)—A Chinese military dispatch states that when Japanese troops entered Sinyang near the Honan-Shansi border on July 10, the Japanese set fire to part of the British mission premises in the town and killed two missionaries who are believed to have been Chinese.

## NEW BLACK-OUT LIGHTING TESTS

LONDON, July 22 (Reuter)—A total black-out of London's dockland will take place to-morrow night when a new kind of lighting will be tested, which, it is claimed, will be invisible from the air. All ordinary lights will be put out, but ships unloading will carry on with the new lighting.

## SEAMAN COMMITS SUICIDE ON BOARD AMERICAN GUNBOAT

### Bullet Through Head: Was Worried About Health

TRAGEDY STALKED THE DECKS OF THE U.S.S. Mindanao early yesterday morning while the vessel was at the Wanchai naval anchorage.

Raymond John Pettis, first class seaman of the Mindanao, committed suicide about 5 a.m. on the upper deck by shooting himself through the head.

Pettis was sitting in a chair, and the bullet, which penetrated his left temple, and emerged on the right, was from a .45 automatic pistol which is issued by the U.S. Navy.

A native of Rochester, New York, Pettis was only 23 years of age and had seen five years service. He is survived by his parents, who are living in his home town, and a brother who was also formerly in the U.S. Navy.

They have been informed by the American naval authorities. The deceased was understood to have always been of a cheerful disposition, and gave no indication that he was going to take his own life. He was a very good seaman and was friendly with everyone on board.

A court of inquiry was convened on board the Mindanao yesterday afternoon, but the decision arrived at has not been divulged. It is, however, believed that Pettis was depressed about the state of his health.

The body was removed to the Royal Naval Hospital, where it has been embalmed. It will be placed on board the U.S.S. Henderson, naval transport which is due from Shanghai to-day, for conveyance to Manila, whence it will probably be sent back to the United States.

## BLACKOUT TEST THURSDAY

THE PUBLIC IS REMINDED OF THE COMPULSORY BLACK-OUT EXERCISE ON THURSDAY BETWEEN 9 AND 10 P.M.

## ARMY WANTS MORE

### ASKS RECOVERY OF CONCESSION

TOKYO, July 23 (Reuter)—Expressing the opinion that Anglo-Japanese problems generally are not yet solved and regretting that "recovery" of the British concession in Tientsin was not mentioned, the "Hochi Shim-bun," organ of the army, declared to-day that recovery of the concession was the sole purpose of the Anglo-Japanese conversations.

The newspaper predicted that that Britain's determination to reserve rights and interests in China might give rise to "grave evils" in the future. It advocated the retention by Japan of an unchanged attitude for the purpose of solving the entire situation at the coming round-table talks.

It is noteworthy that the Prime Minister, Baron Hiranuma, in an interview yesterday evening, acknowledged that the Japanese authorities had hitherto taken an attitude of approval towards the anti-British movement throughout Japan.

## BRITAIN BETTER PREPARED

### DETERMINED TO STAND AGAINST AGGRESSION

LONDON, July 23 (Reuter)—"Since January 900,000 steel air-raid shelters, capable of effectively sheltering nearly 5,500,000 people have been supplied and over 100 different firms are now manufacturing these shelters," declared Sir John Anderson, in a speech at the East Lothian Association.

He added that "the course of international events has lifted foreign policy out of the realm of controversy and caused us to stand together in determination to stand against any threat of aggression to the rights and liberties that all British people cherish."

"Mentally, and in spirit, we are far better prepared than we were last autumn."

## Renewed Japanese Bombing Near Border

### RLY. STATION AT PINGWU DAMAGED

### Twenty-Seven Killed

The latest instance of renewed activities by Japanese airmen near Hongkong was the bombing of Pingwu, a market town along the Kowloon-Canton Railway about 20 miles from the border, about 10 a.m. yesterday.

A Japanese plane was sighted about 9 a.m. passing over Pingwu heading for Shumchun. It returned about an hour later and released one high explosive bomb near the Pingwu railway station.

Great destruction was caused and many lives were lost. According to reliable reports, 27 people were killed, while 13 were seriously injured and 21 slightly wounded by shrapnel and falling masonry.

The bomb fell perilously near to the new St. John Ambulance Brigade hospital but the hospital building itself, it is learned, was not touched.

## PEARL RIVER CLOSURE WILL BE TWO WEEKS

CANTON, July 23 (Reuter)—It is learned officially that there is strong possibility of the Pearl River being closed for about fortnight beginning on July 24 owing to "military operations."

The closure applies to foreign gunboats as well as merchant vessels.

## Military Situation On China Fronts Reviewed

CHUNGKING, July 23 (Central)—During the brief Chinese re-occupation of Chaoan (Chaochow) city on July 17 a number of Japanese high officers who failed to escape in time were surrounded and annihilated at the Japanese military headquarters, which was housed in a local hotel, stated a Chinese spokesman in a press interview yesterday.

The spokesman disclosed that of Japanese units at Chungking fighting in southeast Shansi have retired to Kingshan, where several Japanese columns are converging in an effort to "mop up" the Chinese is entering a decisive stage.

The Chinese, according to the spokesman, are counter-attacking the Japanese in central Hupei with success. Fresh units have crossed the Han River and are advancing rapidly on Yunglingbo, Szechangshih, Changsaikang, Klu-kow, and Heliutu, important points on the Han River. Chang-shoulien and Hsintai, respectively north and south of Chungking, a Japanese stronghold on the river, have been recovered. A number

### UNION BREWERS RETAIN UNBEATEN RECORD

### Newly-Crowned Champions Given Scare By South China In Hard Game

(By "R.O.Y.")

The Union Brewers settled the Mindanao's challenge for the championship of the local baseball league when, on Saturday afternoon, they took the sailors by 8 tallies to 1.

Following this success, they retained their unbeaten record, on Sunday morning, when they accounted for South China by a small margin after a hard-fought struggle.

Mindanao clung on to second place in the standings with a good win over the Hongkong Baseballers, in the nightcap.

Despite the wide margin the Beer Barons had over the Mindanao aggregation, Chet Bennett's boys did not have an easy time with the slugging sailors, although they ran into an early lead and held it all the way.

The Brewers got down to business in the very first frame: Souza hit and All sacrificed for the former to score on Douglas' wild throw. O. Arculli binged and Dutch Lingenbrink filed out to Wrigley. Arculli reached another station on a passed ball and crossed the plate on Lefty Bowen's timely single. Jesse Arculli filed to centre to end the frame.

Mindanao's only tally came in the first half of the fourth: Thomas filed to Bowen, Charlie Horton slapped a safety and advanced on Douglas' hit. Doug was trapped between first and second, but Horton was batted in by Crooner Ruel's bingle. Chase filed to All.

The Brewers replied immediately with another two marker in the half of the same stanza: "Dutch" Lingenbrink started things off with a hit. Bowen drew a free pass, but Molder Arculli fanned. Stan Leonard drove in both Dutch and Bowen with a double to centre field, but was himself caught trying to make third. Terry Leonard fanned for the second time.

The Beer Barons sewed the game up when Lingenbrink again started things off in the sixth. "Dutch" was safe on a dropped third strike, stole second and dented the plate when Bowen binged. Bowen advanced on Ruel's wild throw but M. Arculli filed out to Wrigley.

Stan Leonard grounded to Horton, then Terry Leonard got first being hit by a pitched ball. Hal Wing Lee walked and together with Terry scored when George Souza came through with his fourth safety of the day.

Scores: Mindanao: 1 2 3 4 5 6 7 Runs ..... 0 0 0 1 0 0 0 Hits ..... 0 1 2 3 0 1 2 Union Brewers: 1 2 3 4 5 6 7 Runs ..... 2 0 0 2 0 4 x-8 Hits ..... 3 0 1 2 1 2 x-9

BREWERS HELD

The South China gang gave the newly crowned champions a scare when they held the Brewers to a three-run margin. The unbeatable, quote Chet Bennett, got an early start, scoring twice in the opening stanza. Souza clouted the apple for three bags and scored on All's bingle. The latter pliffed second and crossed the pen when Ho unleashed a wild throw. O. Arculli walked and eventually scored on a passed ball.

The losers replied effectively when Sling drew a pass and was driven in by Hank Chang's triple. Chang walked home on a wild pitch. Chan received an Ann's Oakley and stole second. Leung went down swinging, but Chan tallied when Ho doubled and All made a wild peg. Scores even.

After the Brewers had chalked up another marker in the third.

### LO TAK KUEN SMALL BALL RESULTS

Five matches in the Lo Tak Kuen Cup Small Ball League were played on the Southern Playground, Wanchai, yesterday one of which resulted in a draw.

In the morning Kiu Nai drew with Ping Yeung 1-1 while in the second match Chun Cho defeated Cheung Hung by the only goal scored.

Three matches were decided in the afternoon Wing Fat Hak defeating Luk Chi Foo by three goals to nil, while Siu Keung scored twice against Kwok Man without reply and Hon Ying beat Na Fei by one goal to nil, after a very evenly contested game.

In connection with the last match there was no score at half-time. In the second half Hon Ying scored their goal, but five minutes from the end Na Fei players left the field following a dispute with the referee who ruled that the ball was outside while Na Fei claimed that it entered the net.

The League is organized by the China National Miniature Football Federation (Hongkong branch).

A BAD SCORE

The Hongkong Baseballers gave the Mindanao gang a bad scare when they paced the slugging sailors for four innings. This clash was a regular slugging bee with the Chun tallying nine on eight safeties and the sailors chalking up 13 markers on 16 hits.

"Doc" Molthen's gang looked like taking the gobs when they led 7-5 at the end of the third stanza but Douglas' gang got to work and pulled the game around with some hefty clouting.

A remarkable feature of this match was the fine batting performances registered by some of the players. Charlie Horton, in

five times at bat, drew one pass, laid a neat sacrifice, and garnered three safeties.

"Paintpot" Thomas connected with 3 in 4, including two three baggers. Cordill got 2 in 2 and Wilson 3 in 3. For the losers, "Pinky" Higgins clouted three bingles in four chances and Lawrence slapped two for a 688 average.

Scores: Hongkong B. C. 1 2 3 4 5 6 7 Runs ..... 0 4 3 0 1 1 0 Hits ..... 0 2 2 0 2 1 1-8 Mindanao: 1 2 3 4 5 6 7 Runs ..... 3 3 0 2 2 3 x-13 Hits ..... 3 2 2 3 3 3 x-16

## Ancestors' Miniatures As Golden Wedding Gift

A presentation was made to the Duke and Duchess of Portland on the occasion of their golden wedding recently. The gift was made from a number of friends of many years standing, including several girlhood friends of the Duchess.

A committee, which was formed by Lady Salisbury, Lady Kenmare, Mary Lady Minto, the Dowager Lady Airlie, Lady Desborough, Lord Mildmay, and Sir Ronald Graham had kept the character of the gift a secret from the Duke and Duchess.

It took the form of three miniatures of three ancestors of the Duke, in a frame placed in a box of Garter blue leather, with a book containing the names of the donors in the lid of the box. The little ceremony was held at Lord and Lady Salisbury's house in Arlington-street.

Princess Alice Depuises Queen Mary had promised to make the presentation, but, acting on her doctor's advice to keep a few days longer, had asked Princess Alice to depuise for her.

First and second floor reception rooms were massed with hydrangeas, lilies, roses and carnations brought from Lord Salisbury's Hertfordshire seat, Hatfield House.

The Brazilian Ambassador and Madame Regis de Oliveira, the Spanish Ambassador and Lord and Lady Halifax were among those who accepted invitations.

The Duchess of Northumberland, the Duke and Duchess of Sutherland, Lord and Lady Baldwin, Lord and Lady Desborough, Lord and Lady Londonderry, Lady Maud Warrender and Major Gen. and Mrs. Laurence Drummond were others.

Notable Guests Lady Salisbury's daughter, Lady Harlech, came with her husband. The Archbishop of Canterbury planned to be present.

Others who accepted invitations were Lord Scarborough, Lady Hastings, Lord and Lady Somers, Baroness Imma Doernberg, Earl and Lady Spencer, the Hon. Rupert Beckett, Sir John and Lady Carew Pole, Lady Airlie.

## Berlin Sums Up Russia's Navy

### 72 SUBMARINES IN 1939 PROGRAMME

According to figures in this month's issue of the German Admiralty review, the current Russian naval programme is far larger than it had been assumed to be.

In the Leningrad area alone, it is stated, four yards are working at full pressure on new construction, which includes a 35,000-ton battleship, three heavy flotilla leaders, two aircraft carriers and 72 submarines.

#### Base at Kronstadt

The fortress and naval base at Kronstadt has been developed on an impressive scale, and the approaches to Leningrad are guarded by a 50-mile zone of shore batteries and minefields.

In the Far East there is a formidable concentration of strength. At Vladivostok, the presence of 60 new submarines is reported, half of these being ocean-going vessels and the remainder smaller units.

#### Stalin Canal

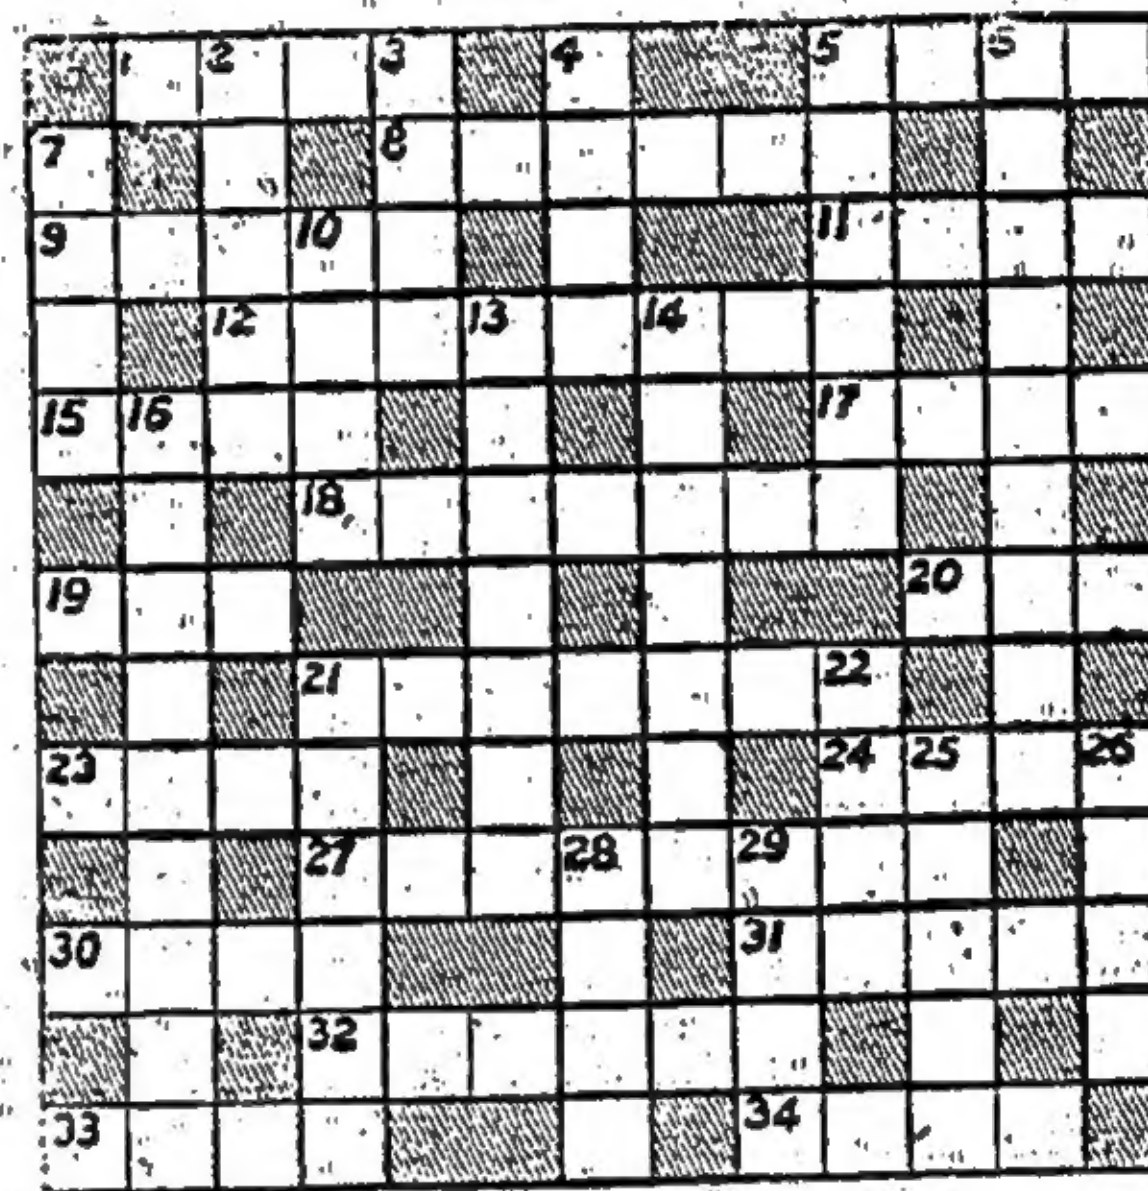

It is stated by the German authorities that the Russian fleet recently held manoeuvres in the White Sea, the ships concerned proceeding there from the Baltic for the first time, through the Stalin canal.

While there may be some exaggeration in these German estimates of Russian naval strength, there is ample evidence from more impartial sources that the Red fleet has become a power factor of real importance both in the Baltic and the Far East.

## Boy Reared By Baboons

The story of a native boy who lived for 11 years with troops of baboons which carried him off as a baby is contained in a report to Professor Ruggles Gates (Professor of Botany at the University of London and an eminent biologist) from Professor Dart, of the Witwatersrand University South Africa.

Professor Dart stated that many of the boy's stories had been proved to be true. When only aged 12, near Grahamstown (Cape of Good Hope) he could make only guttural noises.

Subsequently he was taught English and it was then learnt that his food had consisted mainly of crickets, ostrich eggs, prickly pears and wild honey. He walks on all fours and slept in the bush naked. One day he was hunting for food with baboons when policemen shot at them and captured the boy.

There is no reason to disbelieve the story, Professor Gates said, is, however, the first case of human being having been brought up by any type of anthropoid although there are numerous instances that bears and wolf have done so. Presumably it was case of a mother baboon losing her own young and adopting a native baby through maternal instinct.

## WHEN THERE IS A WEDDING AT ABBEY

### Debutantes' Gay Gowns And Accessories

THIS WILL BE REMEMBERED as a season of Abbey weddings. To be married in Westminster Abbey is one of the highest privileges accorded an English bride. A few years ago the number of weddings that took place before the High Altar was extremely few.

By the end of July three weddings will have been celebrated there in just over three months. The Viceroy of India's son, the Earl of Hopetoun, will be married there to-day to Miss Vivien Ken-

yon-Slaney. On April 29 Viscount Brackley married Lady Diana Percy at the Abbey.

The Hon. Henry Allsopp's marriage to Miss Cecily Borwick also took place there in April.

The Dean decides. Quite a number of people apply for permission to marry at the Abbey and have to be refused, according to the Dean, Dr. de Labilliere. The decision is entirely a matter for him.

The attraction of the Abbey as a wedding church seems to have become greater since Royal marriages were celebrated there. The first to be solemnized there was only 20 years ago, that of Lady Patricia Ramsay.

The public cannot be refused admission to an Abbey wedding, although they may be given seats behind pillars.

**Ancient Rule**  
There can be no gate-crashing at the Abbey. By an ancient rule, people, even if they have no invitation card, can demand the right to attend any service there.

The pillars will provide the Abbey authorities with seating problems at Lord Hopetoun's wedding. A large congregation is expected. It will be impossible for everyone to see the ceremony as the pillars will get in the way.

Whether the Dean allows the Abbey bells to ring for Lord Hopetoun depends partly on St. Margaret's. Should there be a wedding there in the morning—he is being married at 12.30 p.m.—permission will be withheld as the sound of the bells would drown the ceremony at the neighbouring church.

## PERIOD DRESSING

One of the most interesting parts of the period rooms which Mrs. Quennell, the Curator, has arranged at the Goffrey Museum is the 17th-century dress in the dress of each period which she has painted for them.

The lady with ringlets in laced bodice and crinoline skirt is surrounded by pewter plates on the walls of the Master's Parlour from the Potters, Hall in 1668.

The Jacobean gentleman with long hair, white collar and knee breeches is in his 17th-century panelled room.

**First Woman Curator**  
Before she was the first woman curator of a museum, Mrs. Quennell had chosen the career of an artist. She was appointed to the museum because of her collaboration with her husband in the "History of Everyday Things."

This book showed the special understanding of English domestic life through the centuries, which was what the London County Council wanted to bring into the museum.

The children who visit the museum see home-life as it was in England in the old days. The salt-box on the kitchen mantelpiece, so important because the cattle were killed at the end of the summer when grazing was finished and the meat had to be salted; the sugar loaf, and the cutter with which the grocer cut it for their great-grandmothers, and so on.

**MONTREAL'S MASS MARRIAGE**  
MONTREAL, July 23 (Reuters). A crowd of 50,000 is expected to witness the marriage in the baseball stadium to-day of 104 young French-Canadian couples, sponsored by the Young Catholic Workers' Movement.

This is Montreal's first mass marriage ceremony and is designed to set off "the bad publicity" marriage has been receiving in the world's divorce courts.

Mr. C. Blaker, of Gilman's has reported the loss of a box containing jewellery valued at \$240 between his office and Statue Square.

## HOUSE OF COMMONS ROMANCE

Major Victor Cazalet is a bachelor and she has kept house for him in Belgrave-square. Both Miss Cazalet and her brother are Parliamentary secretaries to Ministers.

## WIFE GRANTED SEPARATION

Reference to the husband's "unlovely trait of jealousy" was made by Dr. R. F. Dias, the District Judge of Colombo, in granting a judicial separation with costs recently to Mrs. Abigail Julie William, nee Corioff, of Arathusa Lane, Wellawatte, from her husband.

In this case, Mrs. William sued her husband Mr. J. D. J. William of "St. Rita," 14th Lane, Bambalapitiya for a divorce on the ground of malicious desertion. She also asked for an order from Court as to the custody, maintenance and education of the child by the marriage.

## INDIA TO KEEP CHECK ON ALIENS

### Registration Of Foreigners Act Enforced

Aliens entering and residing in India will have a close check kept on their activities and movements under the rules of the new Registration of Foreigners Act which came into force on July 1.

Hitherto foreigners have had practically free access to India. From now on, however, every foreigner who arrives in British India on board any aircraft or vessel must report to the master of the vessel details of name, nationality, occupation, age, sex, object and address.

If these particulars satisfy the registration office, the foreigner will be given a signed certificate of registration, which must subsequently be produced for inspection within twenty-four hours when demanded by an authorised official.

#### FOREIGNERS ALREADY RESIDENT

Foreigners already resident in India must send a registration report to the nearest Registration Officer within fifteen days from July 1.

Failure to comply with the rules regarding registration may involve imprisonment up to one year, or a fine up to £75, or both penalties.

Tourists both British and foreign who arrive in India are also affected by the regulations and information as to the length of their stay in India and other

particulars are now required by the authorities.

#### BRITISH SUBJECTS AFFECTED

British subject entering India, though not required to fill in a registration report are also vitally affected. If on entering India they stay at hotels or similar premises they must sign the hotel register on arrival. Failure to do so involves a fine of £37.

Rulers or subjects of Indian States, and persons appointed by foreign Governments to exercise diplomatic functions are among the small class of persons exempted from registration, although they, like British subjects, must sign hotel registers.

#### PEACETIME MEASURE

Officially describe as one of the measures necessary to be taken in times of peace, for use in a war emergency, the register of foreigners which will be kept under the provisions of the Act will be a valuable assistance to the authorities in any measures, such as the internment of enemy aliens who are potential combatants and repatriation of non-combatants, which may be decided upon should an emergency arise.

### FINED \$150 FOR ARMS POSSESSION

#### Though Licence Unnecessary

A fine of \$150 was imposed by Mr. Q. A. Macfadyen at Kowloon Court on Saturday on Wong Pong-shing, 34, a native of Shanghai and described as an electrical engineer, who was convicted of possession of arms and ammunition at the Sun Sun Hotel, Nathan Road, on Friday.

Chief Det.-Inspector A. E. Carey, prosecuting, stated that he visited the defendant's room at the Sun Sun Hotel at 5 p.m. on Friday, and defendant admitted possession of the arms, producing a suit case in which were one automatic pistol, three magazines, seven rifling tubes, three dummy rounds of ammunition, 750 rounds of automatic pistol ammunition and 980 rounds of practice ammunition.

Defendant stated the arms belonged to a friend of his, Chu Hing, who was serving at Kunning as a pilot for the Eurasia Aviation Corporation. He did not think it was necessary for him to take out a licence as he was only keeping and not carrying the arms.

### SOLDIER FINED FOR CAR OFFENCE

Three charges were entered (a) driving under the influence of drink (b) without a licence and (c) without the owner's permission.

### Judge And The "Cat"

Mr. Justice Croom Johnson made some strong comments on corporal punishment at Liverpool Assizes when sentencing two men for assault.

To one, sentenced for an offence against a young girl he said: "It is just as well that people who are considering an amendment of our law should understand what is going on in some of our large cities."

To the other, found guilty of an offence against a young woman, he said: "It is my deepest regret that I am not able to give ruffians like you what they deserve—a good hiding."

WANG'S ARREST  
URGED

RENEGADES and traitors have been responsible to a certain extent for the success of the Japanese advance in China but it is indeed gratifying to know that the percentage of these people is extremely small and that actually only a few have prostituted themselves and attempted to sell their country in order to gain Japanese money and Japanese favour. One of these renegades is Wang Ching-wei, formerly a leading figure in the Kuomintang, whose arrest is now being advocated by certain members of the People's Political Council, including Dr. Lo Wen-kan, one-time Foreign Minister.

THIS DEMAND for the arrest of one who may now be described as China's No. 1 Traitor is well grounded in view of the fact that he not only has gone over to the camp of China's enemies but is actually engaging in subversive activities in the hope of destroying China's national unity and undermining her will to carry on the war of resistance until Japan withdraws the last of her hordes from Chinese territory.

LESS THAN two years ago, on July 30, 1937, to be exact, only 23 days after the Lukou-chiao Incident, which precipitated the Sino-Japanese war, Wang Ching-wei delivered a speech in Nanking, then China's capital, urging the Chinese people to make sacrifices and resist the Japanese. He endorsed the words of Generalissimo Chiang Kai-shek that China had reached the limit of her endurance and must fight for self-pre-

CHINESE AGAIN  
SEARCHED IN  
CANTON

CANTON, July 22 (Reuter).—Chinese entering and leaving Shamoen were again subjected to a thorough search this morning.

It is officially reported that the main reason was in connection with exchange transactions in local currencies, including military yen, on the island, which are alleged to have led to the recent depreciation of these notes.

The searching was conducted for the purpose of preventing smuggling of military notes to Shamoen.

## Legal Tender

Chinese legal tender notes are still in circulation in Canton, but Japanese military notes have to be used in purchasing rice, according to a Chinese passenger who arrived aboard the s.s. Fat-shan from Canton on Saturday. The ship brought to Hongkong some 700 Chinese passengers.

Lately 100 national currency, the passenger said, was quoted at \$3.05 Hongkong currency.

The passenger said that he was formerly a business man in Canton. After the fall of Canton he fled to Hongkong. He returned to Canton about two weeks, planning to resume his business. But he found the market extremely dull and all commodity prices had soared.

Burglars were extremely active at night. He had hardly had a sound sleep during his two-week stay in Canton.

The passenger disclosed that Chinese aircraft had visited Canton many times last week.

BEGINNING OF  
TIENTSIN AFFAIR?

CANTON, July 23 (Reuter).—The stringent searching continues which is causing talk among foreigners of the possibility of the beginning of the Tientsin affair. The Japanese Consul, Mr. Okazaki, however, assured Reuter that the sole aim of the searching was to prevent illegal smuggling of military notes to Shamoen.

## ARTIST MARRIED

The wedding took place on Saturday at the Registry, Supreme Court, of Mr. Wu Chan, artist, of No. 185 Tam Kung Road, and Miss Ng Yung-hing, teacher, of No. 41 Queen's Road East. Mr. T. J. Gould, Deputy Registrar of Marriages, officiated, and the witnesses were Messrs. Ng Wan-hing and Ng Hui-ming.

servation. According to Wang then, "Japan's invasion of China has no end. Since September 18, 1931, she has been gradually strangling China, which has made repeated sacrifices and restrained herself to the limit but now realizes that Japan's aggression is fathomless. We must resist and be prepared to make great sacrifices for, if we do not, the only recourse is for us to become puppets. Are we willing to become puppets? If we are not, the only way open is for us to make the supreme sacrifice."

"THE CHINESE people must see to it that none of their compatriots live to become puppets," continued Wang. "They must (he added, advocating the "scorched earth" policy) also see to it that all cities, towns, villages and hamlets are reduced to ashes, so that, by the time the enemy occupy our territory, they will find nothing left for them."

Yet the man who uttered these very words has himself now conveniently forgotten them. On the contrary, he has urged the Chinese people to surrender and has condemned the very spirit of sacrifice which he himself advocated. Furthermore, he has become leader of the very puppets whom he was pleased in former days to denounce. This is the kind of man the Japanese use, the kind of man who wishes to assume leadership of the Chinese people. China wants nothing to do with people like Wang Ching-wei who say one thing one minute and then change their mind entirely the next.

## Hello &amp; Goodbye

(BY A. W. HYER)

TRAVEL TRAFFIC was a bit dislocated over the week-end, but by this morning all arrangements should be back to normal. The P. & O. s.s. Chitral found it necessary to pay a visit to dock Saturday to have a rope removed from the propeller blades, causing her sailing time for London to be delayed twenty-four hours.

The American President Line's s.s. President Coolidge was late in departure from Shanghai, a Japanese vessel barged into her starboard side, typhoon weather was encountered just outside of Shanghai and the big steamer arrived in Hongkong several hours late in a down-pour of large proportions. Consequently, unloading of cargo was held-up and the "Coolidge" did not get under way for Manila until Sunday afternoon.

## Pan American Airways:

THE HONOLULU CLIPPER took off for San Francisco via Manila on Friday at 8.30 a.m., Captain K. Beer in charge.

Mr. J. M. Rapoport, the criminal attorney from Allentown, Pennsylvania, was certainly happy to be on his way to San Francisco. During the past two weeks he has been "ruming" and walking about the Colony in a dither, due to the delay connections. This gentleman of law was on a quick vacation trip around the world by air.

Lieut. J. J. Staley, Jr. U.S.N., was taking the ride back to San Francisco. The young naval officer is on official business for the United States Government and his final destination is Washington, D.C.

Down to Manila travelled Mr. H. F. Bain, returning from a business call in north; the engineering business keeps him busy and business is very fine!

Miss Grace W. Reddish, a tourist, was another passenger destined for Manila.

s.s. Chitral:

ON SUNDAY at 11 a.m. the s.s. Chitral was ready to unlatch the anchor chain and commence her voyage to southern ports and home, England.

We never did find out just what destination Major S. S. Appleyard, R.A., had selected, but definitely he was going places and there were crowds of people to bid him adios.

Mr. and Mrs. J. T. Lock and their daughter were looking forward to a cool and restful trip to England. Their destination will be the beginning of a pleasant holiday.

Another popular traveller was Miss E. Thom, relations, friends, flowers and much gaiety were certainly a complimentary good-bye. Singapore a-visiting travels the young lady.

Mr. J. Winter descends on Singapore, business calling. When he will be returning?—it all depends!

President Coolidge:

ON SATURDAY at 6 p.m. the President Coolidge came into port with a "big load" of passengers. Many of the travellers are "round-trippers" from the United States availing themselves of the special fares. Those welcome greeters on the pier had a "Saturday-nightly" being practically drenched to the skin by the down pour of rain.

Mr. W. C. Alfred, Jr., the American Vice-Consul in Kobe, and Mrs. Alfred are on a short holiday and business trip. They disembarked in our city and will be here for a short stay.

One of the best dodgers of the week was Captain D. D. Barrett, U.S.A., and the Assistant Military Attaché to the American Embassy in Peking. We followed him up stairs and down, round corners and through doors, but he just eluded us.

Major General Arthur E. Grasset, D.S.O., M.C., came down from Shanghai; however this busy gentleman was reported to have disembarked at the bay anchorage.

Mr. and Mrs. N. E. Kling will be temporary new residents in our town. This gentleman, connected with the American President Line, will take over the duties of Mr. E. Hearther, who will be leaving in the early part of August for a long-time vacation at home in America.

Back to work, and leaving a father who is still far from well in Shanghai, returned Mr. M. L. Lessner, Operations Manager in the local Pan American Airways office. The sudden illness of his parent called him north, whereupon he combined the trip and vacation into one.

Mr. and Mrs. H. J. M. Cook, connected with the Chartered Bank in Shanghai, have come pleasure and business visiting for a short call in our city. No doubt the fluctuations in the banking business gave him good cause for a short trip and rest!

Mr. B. A. Hennrich, of R.C.A. Victor, of China, comes business calling and Mr. J. E. Horton connected with National Cash Register Co. is also down from his desk in Shanghai on a business visit.

## South Bounds

JOURNEYING down to Manila by the President Cleveland on Sunday, were a gay and genial group of travellers.

Mr. and Mrs. A. B. Tyrell, the No. 1 of R.C.A. Victor of China, and two charming Shanghai residents are finishing off a two-weeks' call here with a trip to the south. Business and visit with many of their friends in the Philippines take them south.

Lieut.-Colonel and Mrs. C. H. M. Baker, R.A. are taking "time-out" from their busy days for a short sea trip and look-see in Manila.

Honeymooning went Mr. and Mrs. G. A. Goodban, Headmaster at the Diocesan Boys' School. All the guests attending the recent marriage of these popular residents were at the shipside to give them a "ringing" send-off to Manila.

The Misses L. and M. Willoquet and their two small brothers were returned to their family in Manila. This young group of travellers, who have had a marvelous visit here, are the children of the French Consul in Manila.

Permanently, or temporarily, we are not sure, is the call of Mr. M. L. Romer of the local Asiatic Petroleum Company's office. However, the members of this organization are dashing up and down the China coast so frequently, he will be back before long!

Mrs. A. Frieder, a Manila resident, has been visiting our city for several days; now she returns home for some rest and relaxation. This "visiting" business can "get a person down," but it's lots of fun!

Tsun Wan Development  
Will Become An Important  
Agricultural Area

DEVELOPMENT WORK WHICH HAS BEEN GOING ON STEADILY AT TSUN WAN INDICATES that the district may become one of the most important agricultural and industrial areas in the Colony.

For the past two years, applications for Crown land in the district, have exceeded all expectations.

A large number of agricultural lots have been sold, and the present tendency is that this land will be utilized by its enterprising owners for modern farming work.

Many people have also applied for building lots in the area. Besides homes which will be built there by a large number of Chinese and foreigners, who prefer Tsun Wan's accessibility from the city and its growing amenities, there will also be built many schools and factories.

Development work is being planned in such a manner that the industrial section will not give any inconvenience to the residential sections.

GINGER FACTORIES  
Inquiries indicate that many small industries, which maintain plants in Kowloon will remove to Tsun Wan. Among the projected factories are rubber works, weaving mills, ginger factories, brick works and drawn work factories.

A great deal of reclamation work is also being undertaken in the district. Among the important concerns interested in the area is the Asiatic Petroleum Co., Ltd., which is planning to erect storage tanks on a large tract of reclaimed land.

The administration of Tsun Wan is in the hands of the District Officer (South), whose offices in Queen's Building handle all applications for land and plans for development work as well as much of the social welfare work in the district.

A suggestion to eliminate the abnormally large number of empty rickshaws said to be plying for hire on all main thoroughfares, with the possible exception of Nanking Road was submitted to the Shanghai Watch Committee on July 4. The attention of the Committee was drawn to the danger and obstruction to traffic caused by these rickshaws.

HOSPITAL SERVICE  
IN EVENT OF WAR

LONDON, July 22 (BWS).—In connexion with the Government plans for utilising the service of doctors to the best advantage in the event of war, it is announced that a National Hospital Medical Service for treatment of casualties is to be created. It will be administered directly by the Ministry of Health and Department of Health for Scotland.

Doctors joining it will be liable for three years to serve in an emergency. They will be allocated to their wartime positions now, so that in an emergency the casualty hospital staffs will function at a moment's notice.

The service will be recruited from all doctors, except those in regular whole-time employment by the Government or Municipal authorities.

Mr. T. Gaston has reported to the police that his Hillman car, No. 4050, was stolen in the early hours of yesterday morning from Pak Po Street, Mongkok, where it was parked.

ROYAL FAMILY  
AT DARTMOUTH

LONDON, July 22 (BWS).—The King and Queen, accompanied by Princess Elizabeth and Princess Margaret, are spending this afternoon and to-morrow in visits to the Royal Naval College at Dartmouth, where they arrived this morning in Royal Yacht, Victoria and Albert.

The Royal Party left London by rail yesterday for Weymouth where, after driving along the sea front which was crowded with enthusiastic residents and holiday-makers, they boarded the yacht to accompany a salute fired from H.M.S. Royal Oak.

The yacht anchored for the night in Tor Bay and continued her journey to the mouth of River Dart, which is crowded with small gaily belagued craft, early this morning.

DEPARTMENT STORE  
ARREST

A Chinese was yesterday caught shop-lifting at the Sincere Co. Ltd., local department store.

The man, who was ordinarily well dressed, was seen taking four pairs of silk stockings from the lingerie department of the store on the ground floor.

He was immediately arrested and handed over to the police.

"NEW ORDER IN EAST ASIA"  
ECONOMIC SIGNIFICANCE  
OF JAPAN'S AIMS: DANGER  
TO FOREIGN INTERESTS

BY DR. WONG WEN-HAO  
Chinese Minister Of Economics

The aim of the Japanese invasion in China has often been claimed by the spokesmen of Japan to be the establishment of what they call "the new economic order in East Asia." In order to achieve this aim, the Japanese Government is ready to fight to the bitter end against China and any third country who has vested interests in the Far East.

The "new order" means, of course, sole domination by Japan at the expense of any other country. The actual work of establishing the new order was started in 1931 by the occupation of our Northeastern Provinces. There, the Japanese militarists created a new country "Manchukuo" which is supposed to have independent sovereignty. In reality, however, all the political and administrative power is placed in Japanese hands and there is practically no difference at all between "Manchukuo" and Korea.

Now, the Japanese condition for peace with China is to place China on an equal footing with "Manchukuo." It is their hope that Japan, "Manchukuo," and China will constitute one and the same economic bloc which will, of course, be a formidable unit vis-a-vis any other power in the world. China is firmly opposed to this policy, and it should not be difficult to understand her resolute decision. It is the author's intention in this paper to show some of the serious consequences resulting from a bloc of this kind.

## CONCRETE PLAN:

The concrete plan of Japanese economic control in China is well embodied in the "North China Exploitation Company" and the "Central China Development Company." Both organisations were officially founded in Tokyo on November 7, 1938. The North China Exploitation Company has a capital of 350,000,000 yen, of which sum the Japanese Government contributed one half. The president, vice-presidents and directors were all appointed by the Japanese Government. The Company for Central China has a capital of 100,000 yen and an official status equivalent to the North China Company.

These two organisations do not directly operate any enterprise in China. Their function is rather to finance and guide Sino-Japanese companies in the development of Chinese resources for Japanese benefit. With these organisations as their main instrument, the Japanese calculate that they will be able to acquire the real control of all the important economic work in China.

## PERSISTENT EFFORTS:

The Japanese utilization of Chinese iron ore resources is one of the best examples showing the persistent efforts of Japan in her economic expansion. At the present moment, a Central China Iron Mining Company is in charge of exporting iron ore from the Yangtze valley.

The Japanese plan is to export to Japan every year at least five million tons of iron ore from Hupeh, Anhwei, and Kiangsu. The rich iron ore reserve workable in these Yangtze provinces is estimated at 40,000,000 tons. We could therefore see its quick exhaustion in less than ten years' time, if the Japanese are allowed to carry out their plan. In North China the Japanese are first utilizing the iron works of Lung Yen Company west of Peking.

## COTTON INDUSTRY:

Japan has succeeded in establishing a prosperous cotton industry in their own country in spite of the fact that no cotton was grown there, there are at present in Japan 11,504,977 spindles and 84,773 looms.

With such equipment Japan produces yarns in large amount and at very low cost. It is a characteristic ability of the Japanese industries always to produce things cheaper than those of the other countries and sell them on the foreign market by dumping.

In this way, they are endangering countries much more advanced in industrialization like England, France, or the United States. On account of the lack of cotton in Japan and the very successful cotton growth in China, there is a natural competition between the cotton industries of the two countries.

But China has no intention at all of conquering the world market. Our policy is only to

Increase the output of cotton for our own use and for supply to other countries who need it.

## OBJECT OF POLICY:

The facts above-mentioned must have been sufficient to prove the danger of the Japanese policy in establishing their new order of East Asia. And it should be borne in mind that the danger is not meant only for China.

Japan as a country without cotton and with very little iron ore has been able to develop imposing steel and spinning and weaving industries and with these, as her weapon she has become a threatening power in the Far East. What Japan will become, when there is available to her industries large, cheap and exclusive supply of raw materials from China no one can foretell.

But if her plans are actually materialized, it would mean the closing down of all doors in China and it would enable Japan to acquire a terrific economic force which the Japanese will surely use to the benefit of their boundless ambition.

The Japanese people have a special spirit which the Westerners often described as patriotism. There is in reality much more than that. They not only love their own country, but they are always trying to enlarge, enrich or strengthen their own country at the expense of other countries.

It is clear that Japan has not only ambition in China, but she has also dangerous plans on other areas. This is well proved not only by numerous Japanese speeches and writing, but also by the Japanese occupation of Hainan Island, Spratleys reefs and Japanese courtship in Siam.

Japan is extending its conquests in different directions without regard to treaty obligations or other decent agreements in international relations. The more economic strength available to Japan, the greater will be her aggression.

## DANGER TO FAR EAST:

China is fighting her war of resistance in spite of her military weakness and is determined to continue the fight until a reasonable peace is assured. Japan with her present ambition and disregard of treaties is also a danger toward other countries interested in the Far East.

It is the duty of these countries to fully recognize the fact and carry out their best policy of resistance. It is thus natural for Great Britain to prohibit the export of Tata iron and Malay iron ore and for the United States to stop selling aeroplanes, gasoline and other useful materials to Japan.

Wise and necessary economic measures are the best means to make the Japanese see the reality and insure peace in the Far East. The new order in East Asia, in our mind should mean the maintenance of orderly international relations based on treaties and mutual consent, and not the incorporation of one country by another.

China has started the fight for this principle and hopes that the other powers will take necessary actions, chiefly in the economic field, to ensure the final victory of our noble cause.

# HARD FACTS OF SITUATION IN NORTH CHINA

## Danger Of Far Eastern Trap Realized

### Military Preponderance Of The Japanese

LONDON, July 22 (Reuter).—After remarking that the communique issued by the Japanese Foreign Office yesterday suggests a slight improvement in the prospects of the Tokyo negotiations, "The Times" in a leading article this morning says:

"It would seem that the proposals put forward since by Mr. Arita (the Japanese Foreign Minister) last Sunday have been modified, at least in their phrasing, since Mr. Chamberlain made it clear that Britain does not intend to change its foreign policy at the dictation of foreign governments or generals.

"At the same time it is necessary to recognise the hard facts of the situation in North China, including the enormous military preponderance of the Japanese in North China, their de facto military occupation of the chief cities in that territory and their claim that the existence of foreign enclaves in that region should not militate against the security of their forces or those Chinese whom they describe as their allies and others would call their clients.

"BACKGROUND" "If this is all the Japanese mean by British recognition of 'background,' there should be a possibility of finding a successful approach to detailed negotiations on the narrow issue of Tientsin. "The British Government can, without loss of dignity, give an

assurance that the Concessions will remain neutral, and can investigate the possibility of a modus vivendi between the Japanese forces in the occupied portion of China and the authorities in these neutral enclaves.

"The difficulty of finding a suitable formula for such an arrangement is obvious, especially when it is remembered that the Japanese occupy a region which is far from being pacified.

Far Eastern Trap. "Nevertheless there is no reason to put it past the skill of diplomacy to find one, but this is all the British Government can do. "They cannot be expected to sacrifice friends and principles in order to extricate the Japanese commanders from difficulties into which their own miscalculations led them.

"At the same time they realise the dangers of walking into a Far Eastern trap. "The Times" concludes by quoting its Tokyo correspondent's remark that Tientsin "is a small sideshow in the world drama."

It is added that when the Japanese militarists unleashed their attack on China they made it certain that for at least a generation the fate of the Far East would not be determined in Nanking or Tokyo.

## PEACE DEVELOPMENT LOAN

## BRITISH AND GERMAN DENIALS OF RUMOURS

### But Door To Negotiation Never Been Locked

LONDON, July 23 (REUTER).—THE BRITISH GOVERNMENT HAS NO KNOWLEDGE OF THE SCHEME FOR A BIG PEACE DEVELOPMENT LOAN TO GERMANY IN RETURN FOR GERMANY CARRYING OUT A PROGRAMME OF DISARMAMENT, WRITES THE DIPLOMATIC CORRESPONDENT OF THE "SUNDAY TIMES."

Neither Mr. Neville Chamberlain nor Lord Halifax nor any other member of the Cabinet had any such proposals under consideration, much less communicated them to Herr Wohltat, when he was in London last week.

## SLOVAKIA TURNS TOTALITARIAN

BRATISLAVA, July 22 (Reuter).—The Slovak Parliament yesterday adopted a new constitution turning the country into a totalitarian State.

Wide powers are given the President who is both Foreign Minister and Commander-in-Chief of the armed forces.

An important aspect of Herr Wohltat's conversations in London, the correspondent adds, is that he could not fail to have had impressed on him the determination of the British Government and the people to resist aggression in Europe and to carry out, if the need arises, their pledges to Poland, Rumania and Greece.

For the rest, the door to peaceful negotiation has never been locked, but only Germany can open it.

## GERMAN DENIAL

BERLIN, July 23 (Reuter).—Reports connecting the visit to London of Dr. Wohltat, Field-Marshal Goering's lieutenant, in carrying out a Four-Year-Plan with an alleged offer of a milliard marks loan to Germany is denied in a semi-official statement issued to the foreign press yesterday afternoon.

The statement says that Dr. Wohltat returned to Berlin from London talks yesterday and it is

learned that the discussions were concerned with questions of whaling and problems connected with the Evian Refugee Conference. It is understood that, in the conversations dealing with emigration and refugee questions, a far-reaching agreement of views had been obtained.

## PEACE SCARE

LONDON, July 23 (Reuter).—Every effort is being made by Germany to reduce the effect of yesterday's "peace scare" abroad and foreign office circles express the utmost astonishment and regret at yesterday's "exaggeration and misrepresentation."

They declare that a normal and unimportant statement was twisted by the foreign press into a peace offer implying that Germany will not in any circumstances want for Danzig.

This is sarcastically rejected and it is declared that everyone should know that though Germany does not want war, Herr Hitler is determined to bring Danzig back into the Reich without a compromise.

## NEW DUTCH CABINET

THE HAGUE, July 22 (Reuter).—Dr. Collin has accepted the task of forming a new Cabinet.

It is stated that the new Government has already been formed, though further particulars are not yet available.

Dr. Collin saw Queen Wilhelmina yesterday.

## TOKYO TALKS

(Continued from Page 1)

settlement of the general questions forming the background of the Tientsin situation and added that the basic principle involved as a result of the settlement, was applicable to the whole of China and not limited to Tientsin alone.

## BRITISH RIGHTS

Referring to British rights and interests in China, Baron Hiranuma said that these might be recognized if only Britain would recognize the relations of mutual aid and interdependence between Japan, "Manchukuo" and China.

Baron Hiranuma expressed the opinion that Britain would not assist Generalissimo Chiang Kai-shek's regime by granting it credits or otherwise and added that if she did, her action would be regarded as hostile to Japan.

If Britain refrained from granting credits to Generalissimo Chiang Kai-shek's regime, that regime would be deprived of the wherewithal for financing the purchase of munitions through dealers willing to supply them.

SHOCK TO CHUNGKING The basic arrangement established between Japan and Britain would not only prove a big shock to the Chungking Government, but would serve as a favourable factor in disposing of the China incident.

Baron Hiranuma said that he trusted and expected the British Government to take the necessary steps to bring home the spirit of the new arrangement with Japan not only to the British authorities in China, but also to the British nation in general.

## ANTI-BRITISH MOVE

Referring to the anti-British agitation in Japan, Baron Hiranuma said that the Government intended to control that campaign "which runs counter to its policy now that the Anglo-Japanese conference had made such progress."

The Prime Minister added that the Japanese Government had already formulated its basic policy towards the European situation and would, therefore, pursue it, irrespective of the outcome of the Tokyo parley.

## LONDON PRESS COMMENT

LONDON, July 23 (Reuter).—The news, exclusively from Japanese sources, that agreement had been reached between Sir Robert Craigie and Mr. Arita, was accompanied by a tendentious Japanese comment, says the diplomatic correspondent of the "Observer."

This comment suggested, but did not state, that agreement was reached upon the Japanese terms and that the result would be disappointing to China.

Although no message has been received from Sir Robert Craigie, it goes without saying that agreement can be reached only in conformity with the instructions on which Sir Robert Craigie has been negotiating.

The correspondent recalls that only last Monday, Mr. Neville Chamberlain in the House of Commons said that Britain would not, and could not, reverse her policy at the demand of another power.

## CAUTION ADVISED

The correspondent declares that it is regarded in London as important that opinion in Chungking should not be misled by the Japanese report designed precisely for such a purpose, and he adds that Mr. Chamberlain will be making a statement on the position on Monday.

The correspondent says that the Japanese version must be regarded partly as a normal manifestation of modern diplomatic method familiar both in practice of Berlin and Tokyo by which a propagandist's objects are regarded as of great importance and accuracy of fact as of slight importance, and partly, perhaps, as a method of encouraging Japanese popular opinion not to recognize the real nature of the facts when they become known from official statements in London and Tokyo on Monday.

## AUSTRALIA-TIMOR AIR SERVICE PROPOSED

PORT DARWIN, July 23 (Reuter).—Official support for the proposal to open an Australian air service between Port Darwin and Dili, in Portuguese Timor, was obtained today by Mr. Fairbairn, the Minister of Civil Aviation, in negotiations with the Portuguese authorities at Dili. "Permission is now being sought from Lisbon to open the service with flying boats or land aircraft."

## LOSING VENTURE IN CHINA

LONDON, July 22 (Reuter).—The view that Japan is beginning to realize that she is on a losing venture in China, was expressed by Mr. J. T. Ford, former Treasurer of the Shanghai Municipal Council, on his arrival in London today to take up a financial appointment in the City.

Mr. Ford declared: "Japan will regret her attack on China. She is deliberately trying to embroil Great Britain in the conflict, to give her an excuse to get out of the whole thing."

"Although there will be tremendous difficulties to contend with, I think China will recover. I think Great Britain should help her recover."

## BRITISH SHIP OFFICER RELEASED

CHUNGKING, July 22 (Central).—It is reported that the Japanese authorities in Hankow have released Mr. C. Winterbottom, Chief Officer of the British steamer Changsha, who was arrested on July 6 "for insulting behaviour."

## NEW TROUBLE

on a wall in the Western District was interfered with by a Chinese constable. There was an altercation and a British police officer was called to the scene.

The Japanese gendarmes also appeared and, in course of the subsequent "negotiations," kidnapped the officer and took him to the Japanese Army Headquarters for the West Shanghai Area where he was detained until 10.30 p.m. "He was released only on urgent representations from the Council authorities."

## AGENTS OF WANG

News received last night by the Chinese Press states that the terrorists were agents of the Wang Ching-wei faction. To the diplomatic and financial pressure which the Japanese have applied to force through their point of view at the Tokyo talks, they have now added a new proof of the nuisance value of their position along the coast—terrorist demonstrations.

It is reported that immediately after the shootings on Saturday, the police arrested a suspicious-looking Japanese who was loitering in the vicinity. He was handed over to the Japanese Consulate and, of course, released.

A Japanese war vessel is learned to have been sunk during a Chinese air attack on Matsung Island, opposite Sancho Island, on June 30. Another vessel was disabled near Hopo Island on the same day.

on the broad aspects of the Tientsin dispute, according to Mr. Cordell Hull, who added, however, that there was no question of American participation in the Tokyo conversations on the Tientsin blockade.

## NO ACTUAL AGREEMENT

LONDON, July 23 (Reuter).—The diplomatic correspondent of the "Sunday Express" says that the Prime Minister in the House of Commons on Monday will make it clear that the British Government have merely agreed to discuss, in the course of the talks, some of the points which the Japanese have raised.

An actual agreement has not been reached on anything except to carry on the talks.

## BRITONS SPECIALLY WARNED

### ANTI-BRITISH MOVEMENT IN PEIPING

### 'PUPPET' MAYOR'S CURIOUS ATTITUDE

PEIPING, July 23 (Reuter).—The Japanese-appointed Mayor of Peiping has issued a special warning to Britons concerning the anti-British movement in Peiping. He urges them to take the greatest care while walking on the streets and suggests that they discontinue to visit scenic spots in Peiping and in the vicinity.

In the same document, the Mayor urges the extension of the anti-British movement and appeals to Chinese not to buy British goods, not to work for Britons, to refuse to receive British education and to cancel contracts for British goods.

Finally, the Mayor urges non-British foreigners to use their flags on their cars and on other vehicles they use and also on their residents, apparently with the idea of making Britons more conspicuous.

Little Progress. The anti-British movement is, however, still making very small progress among the population and it is credibly reported that payment for those attending the anti-British mass meetings was increased from 20 to 30 cents for each meeting in order to increase the attendance.

### Motor-Car Parade Though Streets

NANKING, July 22 (T/Ocean).—After a lecture on Anglo-Japanese relations, by Lt.-Col. Mabuchi, Director of the Army Press Bureau in Central China, 4,000 Japanese residents in Nanking this morning staged an anti-British mass meeting.

The meeting adopted a resolution condemning "British practices detrimental to establishment of a new order in the Far East."

A parade in motor-cars through the streets of Nanking, during which anti-British handbills were distributed, closed the demonstration.

## FLOOD DISASTER

ICHANG, July 23 (Central).—A wide area under Japanese occupation in central Hupeh is inundated as a result of breaches in the dykes along the Han River and the Tung Ching River. Tsen-kiang, about 75 miles above Hankow, is surrounded by water. The city is in Japanese hands.

## BOMBING NEAR H.K. BORDER

(Continued from Page 1)

As soon as the news was known, first aid workers were sent from Shumchun, and the 13 seriously injured victims were brought to Shumchun for treatment.

## AU TAU BOMBED

Au Tau, in Chinese territory in Mirs Bay, was bombed by Japanese aircraft last Thursday, as the result of which three persons were killed and numerous wounded.

One Japanese plane flew over the village about 8 a.m. and released a bomb on the pier where a few fishing junks were moored while a large number of fisherfolk were having their morning meal.

The news was brought to Hongkong yesterday by Chow Pong-lee, master of trading junk No. T488H, who was conveyed here by a Hongkong police launch in company with three of his folks who were injured by shrapnel.

Two of the folks, Chan Kai-hong and Chan Kwan-sing, are seriously injured, while a nine-year-old boy, Leung Cheung, is slightly wounded. All are now in hospital here.

## JUNK CAPTURED

Chow also related how Japanese seamen from a cruiser stopped and captured his junk on Saturday while he was sailing to the Colony. The vessel was worth \$4,000 and the cargo carried, consisting of timber, Chinese medicines and vegetables, was valued at \$8,000.

The Japanese came towards the junk in a naval pinnace, put the Chinese aboard a samai boat and towed them to Tap Mun. Chow and his party, including the three injured at Au Tau, met police launch No. 2 at Chu Ma Pai.

## NATURE RUNS WILD CLOUDBURST, FLOODS THUNDERSTORMS EXTENSIVE DAMAGE OVER BRITAIN & CONTINENT

LONDON, July 22 (Reuter).—Thunderstorms of almost tropical intensity caused considerable damage in many parts of Britain today. Houses were damaged by lightning in London and in many towns in the provinces. Flooded streets brought traffic to a standstill in many towns in the Midlands, the West of England and Wales.

Incessant rain flooded the tents of 2,000 Territorials undergoing their annual training at Okehampton, in Devon, and the men had to sleep in barns and other emergency accommodation. A school in Birmingham containing 350 children was struck by lightning but no-one was injured.

A cloudburst at Glasgow caused extensive flooding of the south side of the city. In Devon, torrential downpours caused a sudden rise of 14 feet in the river level, flooding surrounding villages.

DELUGE IN N.E. TURKESTAN

ISTANBUL, July 22 (T/Ocean).—Torrential rains have been pouring down for days in the region of north-east Turkistan, and the deluge has been particularly heavy at Erzerum.

Damage is reported to have been widespread. Several bridges have been swept away and various towns cut off.

However, only eight lives have been lost, chiefly when houses collapsed.

## HITLER'S 'PEACE' MOVE!

### Danzig Problem Capable Of Solution Without War: New German Statement

LONDON, July 22 (BWS).—Full prominence is given in the press to the observations of a Wilhelmstrasse spokesman that while Germany now, as previously, insisted on the unconditional return of Danzig to the Reich, Herr Hitler and the German Government were not of opinion that the problem was one which could be solved by war.

On the contrary, they felt that it was one which was capable of solution by negotiations and that such a solution would, in fact, be reached.

The "Daily Telegraph," in a leading article, says it is too soon to assess the significance of the statement.

It proceeds: "It is not easy to understand how the two views expressed by the spokesman are regarded by the German Government as mutually reconcilable."

"If Germany does not want or expect war, over Danzig no one else has any reason to want or expect one either."

Reason Obscure. "But, it is she and she alone who has made of Danzig a problem threatening the peace of Europe—a problem which Hitler declared in February of last year to be non-existent."

"The reasons for yesterday's statement in Berlin remain obscure. It means that Germany has decided to initiate slackening of tension and it is she alone who can take the initiative, then well and good. But on that the rest of the world awaits the event."

Going Ahead. "The Times," in its examination of the statement, draws attention to the declaration that Germany is going ahead to get Danzig uncompromisingly and unconditionally, and that they give notice for the first time officially that there may be military measures in the future both in Germany and in Danzig, but that these would be of a "purely defensive character."

Here the aim is quite clearly to put the onus of responsibility for any difficulties on Poland.

INDIAN STABBED. An Indian watchman, Kartar Singh, of No. 105 Lockhart Road, was stabbed in the abdomen whilst sleeping on the roof, on Saturday morning. He was attacked by an unknown Chinese with a penknife. No arrests have been made so far. The Indian's condition is believed to be not serious.

## RECREIO FOUR ENTER FINAL OF OPEN RINK BOWLS CHAMPIONSHIP

### Civil Service Quartette Lose By Narrow Margin

A Club de Recreio four entered the final of the Lawn Bowls Open Rinks Championship when, at the Kowloon Bowling Green Club yesterday, F. A. Machado, C. M. Silva, J. F. V. Ribeiro and F. X. M. da Silva (skip) defeated, by two shots on the last head, the Civil Service C.C. rink of E. W. Simmonds, J. Deakin, S. Eccleshall and A. W. Grimmitt (skip).

Silva won by 14 shots to 12, head things had looked exceptionally bright. Here Recreio were three shots up with Grimmitt only left to play his last wood. Grimmitt played as excellent a wood as has ever been managed on the K.B.G.C. green, and it was one up for Civil Service, where it would have been three up for Recreio.

The last head of the match was the most interesting. It looked as though Grimmitt could do it, and Civil Service were three up at one stage. Simmonds had placed one wood up on Machado, C. M. Silva pushed another C.S.C.C. wood up. Deakin made it three, but then Silva rolled his second wood into place to reduce the lead to two.

The situation remained unchanged as Ribeiro and Deakin, Grimmitt and Silva tried, pushing up woods into as difficult a maze as skips have ever been confronted with.

#### SOME SPECULATION

The ninth head was Grimmitt's and the tenth Silva's, and as the score stood at 7-3 after 10 heads, there was some speculation on whether either side would be more than one up on any of the remaining 11 heads. Someone conjectured up 11-10 as the score at the finish.

Then Silva finally managed a two, and followed this up with a single, leading 10-3. As things began to look dark for Civil Service, so Grimmitt and his men played grimly to reduce the lead.

A two on the 13th head, however, was replied to by a single and a three, and Silva led 14-5. Silva's men continued to play well, but they did not score on any of the remaining six heads.

#### THE LAST HEAD

Grimmitt finished with 111112. On the last head, things looked dark for Recreio. On the 20th

head things had looked exceptionally bright. Here Recreio were three shots up with Grimmitt only left to play his last wood. Grimmitt played as excellent a wood as has ever been managed on the K.B.G.C. green, and it was one up for Civil Service, where it would have been three up for Recreio.

#### PAST THE JACK

There seemed to be two woods up for Grimmitt, and a doubtful third wood. The three woods lay past the jack, and a lucky shot could make it a clear three for Grimmitt.

Silva rolled clear of the maze. Grimmitt had a chance in a hundred. He could push up the jack into the cluster of three woods and his last wood with it, and it would be four up for him and a 14-all tie, necessitating a 22nd head.

"I'll give you ten bucks if you get it, Arthur!" a Grimmitt supporter volunteered. "I'll give twenty," Arthur Grimmitt replied. He rolled his last wood, Civil Service remained two up, and the game was over.

## Bad Start To Second Test

### RAIN INTERFERES: ENGLAND 11 FOR 0

MANCHESTER, July 22 (Reuter).—Rain practically washed out the first day's play in the second test match between England and the West Indies which opened at Old Trafford to-day.

There was no play before lunch, the first ball being bowled at 2.15 and, after England, sent in to bat on a soaked wicket, had put on 11 runs without loss, play was suspended and eventually abandoned for the day following further heavy showers.

Following yesterday's cloud-burst, the weather was unsettled in the early morning, with the wicket drying slowly. The outlook was poor when the gates were opened, and a few hundred paid for admission at their own risk.

Inspections of the wicket were made at noon and at 1.30.

Grant, winning the toss, put England in to bat; it was now raining heavily again.

### Play Begins

When play eventually began, Hutton was sent out to open with Fagg. The pair put on 11 runs in 32 minutes, Hutton 6 and Fagg 2, following which there was a delay of 40 minutes when a steady drizzle came down.

Seven more balls were bowled without further addition to the score, before further persistent rain drove the players back to the pavilion.

The attendance in the afternoon was officially estimated at 11,000, of whom 6,797 paid at the turnstiles.

The teams are:

England—W. R. Hammond (capt.), Paynter, Hutton, Fagg, Compton, Hardstaff, Wood, Wright, Bowes, Copson and Goddard.

West Indies—R. S. Grant (capt.), J. Stollmeyer, G. Headley, A. Gomez, J. E. D. Sealey, J. H. Cameron, L. N. Constantine, A. Williams, E. A. Martindale, L. G. Hylton and C. B. Clarke.

## Players Run Riot

### GENTS' BOWLING HIT AT TWO RUNS A MINUTE

Players beat Gents by 160 runs

LONDON, July 2. — Grandest features of the day's play at Lord's, rendered interesting by declarations on the part of both captains, was the two-runs-a-minute stand by Denis Compton and, yes, Len Hutton!

The youngsters carrying on where they left off in the Test match, thrashed the Gentlemen's bowling after Hammond had decided to let Players bat again—although his team were 112 runs behind.

Hammond's action was due to Stephenson being unable to bat owing to having an injured left hand. It was quite obvious that this amateur side could, not in any circumstances give its opponents 112 start and beat them in a day's play.

Hutton and Compton in their stand of 141 in 14 hours both showed great stroke control and fairly mastered some far-from-easy bowling by Farnes and Stephenson. Their hooking was specially well timed and the cutting of both very good indeed.

Compton nearly caught up his partner, who had a long start, but just when he seemed certain to do so he mis-hit a ball to Brookbank. When Hutton was out at 202 for four, Paynter declared, which, in view of the very small gate, was just as well as he saved M.C.C. the price of a new ball Compton had a dozen 4's and Hutton two less.

Amateur, Handicapped The amateurs, already handicapped by Stephenson's injury, soon had the misfortune of seeing the luckless Wyatt depart to be X-rayed after three successive hits.

Hammond seemed to throw his wicket away at once, skying a ball to the gully, soon after which Paynter missed a catch and retired.

for treatment. Bowes, presumably led the Players during his absence, so Yorkshire got the captaincy after all!

But for a very uncertain and lucky innings of 60 by Bartlett, yoked by Wright at 153 for seven—after scoring all but 6 of the runs added for three wickets—and three or four good hits by Brown, the remainder of the cricket needs no description.

## SHARE MARKET REVIEW

## HONGKONG SHAREBROKERS' ASSOCIATION

The beginning of the week saw a

steady market with indication of

increasing demand for most listed

stocks. Later, however, the market

was overshadowed by the pes-

simistic outlook regarding the

outcome of the Anglo-Japanese

Tientsin negotiations. In conjunc-

tion with this, the further drop in

the Shanghai exchange resulted in

unsettled market conditions.

Buyers no longer predominated

and sellers were forced to accept

lower prices. There has been no

undue selling pressure, neither is

there any indication of nervou-

sness. The volume of business

shows some improvement over

that recorded for the previous

week. HK Banks came in for

sustained enquiry and changed

hands at \$1340 to \$1330 with

buyers at \$1320. Union ins. were

easier with sales at \$405. There

has been a fair business in Trams

at \$18.60 down to \$18.50. Electric

also came in for attention with

business reported at \$54 to \$54

with shares obtainable at the lat-

ter figure at the close. Wharves

were easier at \$104 and Lands

could be obtained at \$35. Hotels

were offering at \$5.40 and Pro-

vidents at \$4.40. H.K. Docks were

obtainable at \$17. China Lights,

old shares were wanted at \$3 with

sales reported at \$3.10 and the new

shares had buyers at \$5 with sales

at \$5.10.

The Manila market has shown

increased activity during the week.

There has been a substantial im-

provement in the daily volume of

business recorded on that exchange

and prices, almost without excep-

tion, have advanced from 1 cty to

3 cty.

## COMMERCIAL AVIATION: IMPRESSIVE RECORDS OF TRAFFIC INCREASE

The Air Ministry's official report for 1938 records impres-

sive increase in the volume of traffic carried.

Regular services operated on home air routes, between this

country and the continent, and by Imperial Airways and asso-

ciated companies overseas accounted for 13,556,000 miles flown, or

nearly three million more than in 1937.

Passenger-miles climbed from

49,729,000 to 554,287,000 and freight

ton-miles from 804,600 to 904,000—

both comparatively small in-

creases.

Mail ton-miles, on the other

hand, showed enormous expansion

from less than four million to

9,335,000—reflection of the growth

of Empire airmail traffic offered on

the flat rate, "all first class mail

by air" basis. Internal air ser-

vices did well, flying approximately

3,267,000 miles, and carrying 147,

500 passengers and 1,200 tons of

mails and freight.

Registered aircraft within the

Empire showed a small increase in

the year from 3,197 to 3,260. Com-

mercial pilots increased from 1,955

to nearly 2,200, private pilots from

7,552 to 8,700, and ground engineers

from 2,961 to 3,500.

MORE AMATEUR PILOTS

Some 74 light aeroplane clubs

existed in Great Britain and

Northern Ireland at December 31;

63 were included in the Air Minis-

try's subsidy scheme. Aggregate of

club flying members at the end of

the year was 9,100, of whom 3,960

held the "A" (amateur) pilot's

licence, excluding Civil Air Guard

trainees. Total number of C.A.G.

enrolments was 5,762 of which 633

were of women.

Serious accidents at home to civil

aeroplanes were fewer than in any

year since 1933, in spite of tremen-

dous expansion of flying. Approx-

imately 44 million passenger-miles

were flown on regular ser-

vices for each passenger killed, and

3,400,000 aircraft-miles were flown

for each fatal accident—both

figures well above the average of

the seven-year period 1932-38.

Altogether for the first six

months of this year Malaya has

shipped 247,088 tons as against

280,449 tons during Jan.-June, 1938.

During last month the excess ship-

ment which, with the carryover

for 1938 of 11,331 tons had amount-

ed by the end of May to 14,212

tons, was reduced to about half

this latter figure. As regards Cey-

LABOUR FOR FIRST OFFENDERS  
OUTSIDE PRISON WALLSMaj. Willcocks Tells Of  
Work Done At Stanley

EVERY ATTEMPT IS BEING MADE AT STANLEY PRISON TO SEGREGATE FIRST OFFENDERS FROM HABITUAL OFFENDERS. The prison hospital remains practically the only meeting ground where the first offender may come under the influence of the old lag.

Special attention is being paid to the needs of the juvenile offender. It is hoped that juvenile offenders will in the not too far future be entirely segregated from adult prisoners. A suitable site remains to be found where juvenile offenders could be isolated to a place of correction, rather than isolated from the law-abiding to the company of the law-breaker. An ideal solution would be an island, where natural boundaries would replace walls.

Employment for first offenders, in an institution built on the lines of Borstal. Major Willcocks believes that those "old hands" in the Colony who hold the opinion that the ear-earning and gang-forming local Chinese youths could not be reformed are wrong. In an institution where hard work and games would mould character, this would be more than possible, it is Major Willcocks' belief.

"It is impossible," Major Willcocks said, "to train men for freedom in conditions of captivity. Even at the risk of some boys escaping other boys should be given a chance of a new start. In surroundings suggestive of a certain degree of freedom."

OTHER PHASES  
Major Willcocks spoke of other phases of prison reform work in Hongkong and touched on, among other things, the difficult subject of "after care." Such "after care" must always remain difficult in circumstances where many prisoners are banished on expiration of their prison term and others cross the border into Chinese territory of their own free will.

The speaker mentioned also the proposed Victoria Remand Prison for remand prisoners, debtors, and destitutes, at the old Victoria Gaol.

There was quite a large attendance at the meeting, and the address was followed by discussion.

SALVAGE  
OPERATIONS  
SUSPENDEDTHETIS FAILS TO  
RISE FROM SEA - BED

LONDON, July 23 (Reuter).—All salvage operations on the submarine Thetis have been temporarily suspended and an important conference may be held on Monday between the Admiralty and the salvage officials to decide the next step.

A message from Liverpool adds that, after a conference between the salvage experts and naval officer, contrary to earlier reports, the Thetis did not rise from the sea-bed.

## Earlier Report

An earlier report stated that an attempt to move the Thetis at 2.30 on Saturday morning by salvage tugs of the Liverpool and Glasgow Salvage Association, was unsuccessful.

Two of the lifting baulks on the salvage ship are stated to have collapsed, and it is believed that the mishap occurred as the salvage ship attempted to move towards the shore with the submarine.

Thetis was held by eight 9-inch cables to the salvage vessel. As the tide rose the cables took the strain and the submarine, cradled in the wires, rose very slowly from the bed of Liverpool Bay.

## Disappointment

The failure has caused considerable disappointment to the salvage authorities, particularly as weather conditions were perfect.

A special course to the beach had been plotted by an Admiralty survey vessel and marked with buoys and flags in order to keep the salvage vessel in the best water during the journey to the shore.

British Wireless added that when officials have fully examined the nature of the mishap the salvage attempt will be renewed.

## CHINA WAR NEWS:

JAPANESE NORTHWARD IN  
SOUTH HONAN REPELLED:  
HEAVY LOSSES SUSTAINED

NANYANG, HONAN, July 23 (Central).—The Japanese troops driving northward from Sinyang on the Peiping-Hankow Railway in south Honan have been repelled by the Chinese with about 300 casualties.

The invaders advanced in three columns. The central column comprising some 600 men was intercepted and defeated by the Chinese at Sankwanmiao, a point 20 miles north of Sinyang. The left wing of 500 men was repulsed near Yangmiao while the right wing of 400 suffered losses in a Chinese ambush near Hualuochien. The Chinese are now pushing toward Chang-taiwan and Sinyang.

CHUNGKING, July 22 (Reuter).—The Japanese in south-east Shansi have crossed the Sin River and at present are advancing eastward on Changchen.

A decisive battle is expected shortly near this town, according to Chinese reports.

Japanese Losses  
HINGTSL SHENSI, July 23 (Central).—The Japanese have sustained a loss of more than 8,000 men since they launched their "mopping up" campaign in Southeast Shansi early this month, according to an official estimate.

The heaviest casualties were suffered at Lanchow and its vicinity, north of Po Ai in north Honan near the Shansi border, from July 6 to 10 when 3,000 were killed.

To menace the rear of the Japanese driving in southeast Shansi, Chinese forces in west Shansi have crossed the Fen River and are rapidly advancing on an undisclosed place.

Another force, in the meantime, is pushing towards Fencheng, northwest of Yicheng, the base of the Japanese driving towards Tain-shui.

## Finger Move

LOYANG, July 23 (Central).—The evacuation of Tsincheng, strategic town at the foot of the Tsinhang mountain in South Shansi, is announced by Chinese headquarters here.

The evacuation was made on July 19 to avoid a pincer movement by the Japanese forces from Hottun, south of Tsincheng, and Sanchengtsun, west of Tsincheng.

Withdrawing together with the troops were a large part of the civilian population.

## Highway Cut

LAOHOKOW HUPEH, July 23 (Central).—Chinese guerrillas have cut Japanese communication on the Tienmen-Tsienkiang highway, one of the main routes for the invaders to transport their men and supplies in central and south Hupeh.

Paoshuan and Yinkialing, two key positions in the vicinity of Tsienkiang, on the south bank of the Han River, have been recaptured by Chinese forces.

To the north of Tsienkiang, steady Chinese pressure has forced the Japanese to retreat to Peng-shihho from Tushangho.
